

CONTACT INFORMATION	Department of Human Behavior, Ecology and Culture Max Planck Institute for Evolutionary Anthropology Deutscher Platz 6, 04103 Leipzig, Germany	yi.ta.lu@eva.mpg.de <a href="https://yitalu.github.io">https://yitalu.github.io</a>
ACADEMIC POSITIONS	<b>Postdoctoral Researcher</b> <i>BirthRites</i> Lise Meitner Research Group Department of Human Behavior, Ecology and Culture Max Planck Institute for Evolutionary Anthropology, Leipzig, Germany	Sep 2021 to Present
	<b>Instructor</b> Department of Political Science State University of New York at Stony Brook, NY, USA	Jul 2018 to May 2021
	<b>Full-Time Research Assistant</b> Department of Economics National Taiwan University, Taiwan	Jun 2012 to Jul 2014
	<b>Ph.D. in Political Science</b> State University of New York at Stony Brook, NY, USA	May 2021
EDUCATION	<b>M.A. in Economics</b> State University of New York at Stony Brook, NY, USA	Dec 2015
	<b>M.S. in Physics</b> National Chiao Tung University, Taiwan	Jun 2011
	<b>B.S. in Physics</b> National Cheng Kung University, Taiwan	Jun 2009
	<b>DOCTORAL DISSERTATION</b> <i>Policy Cooperation Under Threats: Effects of Competition on Coalition Lobbying</i> Committee: Oleg Smirnov (Advisor), Reuben Kline, John Barry Ryan, Tim Johnson	
RESEARCH INTERESTS	Political Economy, Social Dilemmas, Evolutionary Demography, Cultural Evolution	
RESEARCH METHODS	Agent-Based Modeling, Statistical Analysis (Bayesian, Frequentist, Time Series), Game Theory, Lab Experiments, Survey Experiments	
RESEARCH EXPERIENCE	<b>Graduate Research Assistant</b> Department of Political Science Stony Brook University With: Andrew Delton, John Barry Ryan, Oleg Smirnov, and Peter DeScioli	Aug 2016 to May 2018
	<b>Visiting Student</b> Department of Psychology The Ohio State University With: Ian Krajbich	Jun 2015 to Aug 2015
PUBLICATIONS	<b>Lu, Y. T.</b> , & Colleran, H. ( <i>Forthcoming</i> ). <b>Fertility Transitions</b> . In J. Tehrani, J. Kendal, & R. Kendal (Eds.), <i>The Oxford Handbook of Cultural Evolution</i> . Oxford University Press.

WORK IN  
PROGRESS

“The Coevolution of Human Fertility and Wealth Stratification” with Heidi Colleran, Anne Kandler, and Adam Powell.

“Congress’s Role in Concentrating Wealth in the United States” with Matthew Lebo and Gregory Koger.

“Monitoring of Over the Counter (OTC) and COVID-19 Treatment Drugs Complement Wastewater Surveillance of Sars-Cov-2” with Lee et al.

“An Agent-Based Model of Elections with Endogenous Candidates, Voters, and Media” with Oleg Smirnov and John Barry Ryan.

“Policy Cooperation Under Threats: Effects of Competition on Coalition Lobbying” (single author).

“Does Media Bias Cause Political Polarization? an Agent-Based Model of Biased Media, Motivated Reasoners, and Political Polarization” (single author).

“Trust, Inequality and Redistributive Demands in Latin America” with Robert Vidigal.

PROGRAMS AND  
AWARDS

Software Carpentry Workshop Nov 29 - Dec 3, 2021  
Scientific Computing for Evolutionary Anthropology  
Max Planck Institute for Evolutionary Anthropology

Honorable Mention Aug 24-27, 2021  
for participation in the *Social Simulation Workshop/Competition*  
Institute of Sociology, Academia Sinica, Taiwan

International Winter School on Agent-Based Modeling (with certificate) Jan 4-15, 2021  
Network for Computational Modeling in Social and Ecological Sciences  
Arizona State University

BIGSSS Summer School in Computational Social Science *Expected: Jul 2020*  
Department of Sociology  
University of Groningen, Netherlands  
(program postponed to Jul 2021 due to COVID-19 outbreak)

SICSS Grant for Survey Experiment on Amazon Mechanical Turk (\$1000) Jul 2020  
Summer Institute in Computational Social Science  
Duke University

	<p>Summer Institute in Computational Social Science at Rutgers  DIMACS (Center for Discrete Mathematics and Theoretical Computer Science)  Rutgers New Brunswick Libraries  Department of Political Science, Rutgers University</p>	Jun 15-26, 2020
	<p>Full Tuition Scholarship and Stipend  Department of Political Science  Stony Brook University</p>	Fall 2016 to Spring 2021
	<p>Introduction to Complexity (with <a href="#">certificate</a>)  Courses by Complexity Explorer  Santa Fe Institute</p>	Fall 2019
	<p>Introduction to Agent-Based Modeling (with <a href="#">certificate</a>)  Courses by Complexity Explorer  Santa Fe Institute</p>	Summer 2019
	<p>Excellent Achievement Award  for participation in the <i>Physics Contest</i> within the top 5 percent of all the students  participated in the academic year, National Cheng Kung University, Taiwan</p>	2005
	<p>Distinguished Achievement Award  for participation in the <i>Calculus Contest</i> within the top 10 percent of all the students  participated in the academic year, National Cheng Kung University, Taiwan</p>	2005
PRESENTATIONS	<p>“The Coevolution of Human Fertility and Wealth Stratification” at the Cultural  Evolution Society Conference, Aarhus University, Aarhus, Denmark</p>	Sep 22, 2022
	<p>“Social Dilemmas in Politics” at the Department of Humanities and Social Sciences,  National Tsing Hua University, Hsinchu, Taiwan</p>	Mar 29, 2022
	<p>“Does Media Bias Cause Political Polarization? An Agent-based Model of Biased Media,  Motivated Reasoners, and Political Polarization” at the American Political Science  Association Annual Meeting, San Francisco, CA</p>	Sep 10, 2020
	<p>“Partisanship, Polarization, and Inequality Over Time” at the Midwest Political Science  Association Conference, Chicago, IL  (<i>conference canceled due to COVID-19 outbreak</i>)</p>	<i>Expected:</i> Apr 19, 2020
	<p>“Group Cooperation in a Policy Bargaining Game” at the Center for Behavioral Political  Economy, Stony Brook University</p>	Feb 12, 2020
	<p>“An Agent-based Model of Elections with Endogenous Candidates, Voters, and Media”  at the Midwest Political Science Association Conference, Chicago, IL</p>	Apr 6, 2019
	<p>“Distributional Preferences under Rank Reversal Aversion” at the Center for Behavioral  Political Economy, Stony Brook University</p>	Mar 6, 2018
TEACHING	<p>Instructor</p> <ul style="list-style-type: none"> <li>World Politics</li> </ul> <p>Department of Political Science  Stony Brook University</p>	Summer 2018 to May 2021
	<p>Teaching Assistant</p> <ul style="list-style-type: none"> <li>Neuroeconomics (with Prof. Chen-Ying Huang)</li> </ul> <p>Department of Economics  National Taiwan University</p>	Spring 2014

Courses Can Offer

- Undergraduate: World Politics, Statistics, Research Methods
- Graduate: Political Economy, Behavioral Economics, Cooperation, Game Theory, Computational Modeling, Data Analysis, Experimental Design, R for Statistics

SKILLS

Software

Python, R, Stata, oTree, NetLogo, Matlab, Mathematica, L<sup>A</sup>T<sub>E</sub>X, Qualtrics

Language

English (fluent), Mandarin (native), Taiwanese (intermediate)

PROFESSIONAL  
ACTIVITIES

Affiliations

Theory in Cultural Evolution Lab, Max Planck Institute for Evolutionary Anthropology  
Center for Behavioral Political Economy, Stony Brook University

Memberships

American Political Science Association, Midwest Political Science Association, Society  
for Political Methodology, Cultural Evolution Society, European Human Behaviour  
and Evolution Association

Service

Moderator EHBEA 2022, Discussant APSA 2020
