### Course Policies and Grading

1. **Course Delivery Mode:** Due to the COVID-19 pandemic, this course has been converted to an online course. No in-person class session will be held for the whole semester. All course materials, interactions, and exams will utilize internet technologies. Narrated slides will be posted on Blackboard. In addition, office hours will be offered virtually during the scheduled time. Students can log into Zoom to ask questions and get help. See “Technical Requirements” section for more information.
2. **Email and Internet:** You must have an active Stony Brook University e-mail account and access to the Internet. All instructor correspondence will be sent to your SBU e-mail account. Please plan on checking your SBU email account regularly for course related messages. This course uses Blackboard for the facilitation of communications between faculty and students, submission of assignments or exams, and posting of grades. The Blackboard Course Site can be accessed at <https://blackboard.stonybrook.edu>.

<sup>1</sup>Hereafter FLS.

3. **Technical Requirements:** This course requires that you have access to a computer that can access the internet. You will need to have access to, and be able to use, the following computer set-up and software packages:

- Web browser (Google Chrome, Mozilla Firefox, Safari, etc.)
- PDF Reader (Adobe Acrobat Reader DC, Preview, etc.)
- Word processing software (Microsoft Word, Pages, etc.)
- Presentation software (E.g., Microsoft PowerPoint.)
- Speakers (either internal or external) or headphones
- Zoom – the web conferencing program provided by the Division of Information Technology. Check the DoIT's website for detail tutorial: <https://it.stonybrook.edu/services/zoom>.

4. **Readings:** Students are expected to read the assigned chapters from the textbook (see Class Schedule). The amount of the assigned readings typically includes one to two chapters per week. If you did not buy the textbook, read and listen to the narrated slides carefully. The slides will be posted *before* the start of each learning unit (see Class Schedule).

5. **Participation/Attendance:** Participation in class means reading the assigned readings and reviewing all information required for that learning unit. You may log into Zoom during the regular office hours if you have any question. Attendance in an online course means logging into the Blackboard on a regular basis and participating in all of the activities that are posted online in the course. Both parts are important to earning a passing grade.

6. **Exams (100%):** There will be two midterm exams (30% each) and a cumulative final exam (40%). All of them will be held online. The two midterm exams consist of 30 multiple-choice questions and have a time limit of 80 minutes. The final exam consists of 40 multiple-choice questions and has a time limit of 100 minutes. You earn one percent of semester grade by answering each question correctly. You have to start taking the exams within three days since they have been posted (see Exam Dates) and have to finish them in one sitting (within the time limit). You can take the exam at wherever you want but it is your responsibility to find a place with stable internet connection. I will not accept any retake of the exams because of connection problems. You are free to refer to any resources but discussion with others is not allowed. These exams constitute the whole part of your semester grade, therefore it is your responsibility to be well-prepared and take the exams.
